Memo

To: Peggy Lesser, Risk Manager
From: Al Duke, Fire Chief *AD*
Re: Sesko Nuisance Abatement Project

Buckley Recycle, Inc. has completed all but \$20,499.84 of the contract amount for the Sesko Nuisance Abatement Project and has indicated they would like to reduce their performance bond from the original amount of approximately \$158,000.00 to the value of the remaining work. It is the intention of the parties that the contract will now be viewed as a contract in the amount of \$20,499.84. A performance bond in that amount is acceptable to the City of Bremerton.
